

How to upload your task onto the **ADG Android Tasks 2020** repository:

Step 1: Clone the repository **every time** you want to upload a task.

Command:

```
git clone https://github.com/ADG-VIT/Android-Tasks-2020.git
```

Step 2: Copy/Paste your task in your **respective task folder**.

Step 3: Push the entire folder onto GitHub.

Commands:

```
git add .  
git commit -m "Any Message"  
git push origin master
```

Do not use -f/--force flag in the push command.
